Dear Severin

Re: 220565 – Brewster Wind Farm Planning Application Review

This letter is to confirm that NGH has reviewed the planning report and planning application material for the proposed Brewster Wind Farm.

We have reviewed the material against the provisions of the Pyrenees Planning Scheme, the requirements of the *Planning and Environment Act 1987*, and other relevant legislation in relation to the planning permit application. We have made recommendations to ReFuture for updates to the planning report and planning application, and generally support the outcomes of the assessment.

If you have any questions, please contact me on 0439 787 575.

Yours sincerely,
